### GAAP Receives the IBM Top Regional ISV for POS Award

As proud business partners with IBM we were honored to receive the award for top sales in the Independent Service Vendor category for 2009 at the IBM South Africa Awards held in Johannesburg recently. GAAP MD, JP d'Abbadie, was there to receive the award and will proudly display it at our JHB office.

## Website Update

Please be sure to visit our new website at [www.gaap.co.za](http://www.gaap.co.za) and send us any comments or suggestions. We will also include any decent quality logos you send us.

## Customer News

### Nino's

GAAP Point-of-Sale is the approved POS supplier to the Nino's group,

which also incorporates the Panini stores. Nino's prides itself on serving good food and excellent coffee. Their recently launched menu takes you on a culinary journey of tantalizing meals which range from hearty breakfasts, freshly baked patisserie, homemade burgers, panini's and pastas to their wholesome signature dishes.

**0861 00 GAAP**

GAAP services 43 locations belonging to this brand, including the new stores in Cowey Road, Dbn and also at the Moses Mabhida Stadium, Dbn. All stores reporting is available to the group via GAAP's web interface, and all menu and costing changes are handled on-line.

Rashmi Bhana, Director of Nino's Group, mentions that when he first started using GAAP in 1999, it was a simple, user-friendly p-o-s system. But that he has seen it grow into a complete end-to-end solution for the entire franchise and all operational controls. 'I have always appreciated the access we as customers have to GAAP management and the great relationship we enjoy with GAAP's people. I have seen the company grow with Nino's, and we hope to continue that trend' Rashmi added.

We can only agree with those sentiments!

## Technical News

### Back Office Log Report

Most of you will be familiar with the Front Office Log Report whereby every key stroke on the system is recorded with information such as time entered, staff member responsible and what action took place on specific invoice numbers and table numbers.

We have now incorporated this Log File into the Back Office Functions, which will give managers and owners information on any edited items made in the Back Office Procedures such as menu items, stock items, price changes and the staff member who made those changes.

Please contact our call centre on 0861 00 4227 with any queries.
