GAAP News

GAAP expansion outside South Africa

During the course of the last 2 years, GAAP has managed to secure agency agreements with representatives in Botswana, Zambia, Namibia and Mauritius. We can assist any clients that have existing operations in, or are considering expansion into, any of these regions. There will be further areas added to this list shortly.

Customer News

GAAP is very proud to announce that we have been awarded the contract to supply 260 machines to the brand new, state of the art **Moses Mabhida stadium in Durban**. The combination of robust IBM hardware, adaptable and fully functional software configured to the customers requirements combined with the ability to support the system well into the future, helped us beat the proposals from our local and international competitors'. The stadium hosted a PSL game for the first time on Sunday 29 November, and a large and excited crowd witnessed the opening of one of the most iconic stadiums in Africa, if not the World.

Graham Howe from Wine.co.za just voted **Cru Café** as the best new wine bar/wine list for 2009. Well done to Jacques and his team.

Congrats also to the team at **Crave** on the opening of their 4th amazing new store pictured here at the @Home store, Canal Walk. All the best guys.
