Maintenance Plan

GAAP recently introduced a maintenance plan for those customers whose hardware is no longer covered by the warranty or rental through GAAP. This maintenance contract includes an extended warranty on all POS hardware on a swop or replace (with refurbished equipment) basis. This maintenance contract excludes the UPS and back office terminals. If any client would like to know more about our maintenance offer, please contact your nearest GAAP office for further information.

Upgrading of Hardware

With the high demand and stress that comes along with the hospitality industry, downtime of POS hardware is a nightmare for any operator. Our new IBM Surepos touchscreen units are robust and retail hardened; designed especially for the industry. We encourage any users with ageing hardware to plan upgrades for a convenient time and not wait for an emergency to prompt it. There is also the expected rush just before the World Cup to consider. We can structure rental options to suit your individual needs.

Staff News

We'd like to congratulate Jody Young in our Cape Town office for winning a gold medal in the men's 84kg Kumite Challenge at the Commonwealth Karate Championships held in Johannesburg in October. Jody is also currently the South African Karate team captain.

Customer News

GAAP Point of Sale is now the approved POS supplier to the Old Fashioned Fish and Chips Franchise. The franchise brings back the old "corner fish and chip store" but with added service as well as unbeatable quality and pricing.

The franchised stores are growing weekly, with each new store grabbing the customers out of the streets and into their stores and are one of the fastest growing franchises in South Africa currently with 72 stores in the greater Gauteng region and moving swiftly into other regions of the country.

OUR CLIENTS

GAAP currently services 14 locations belonging to this brand as well providing a head office solution which allows all remote reporting and system control.

Happy 10th Birthday to Butcher Boys in Florida Rd, Durban

Ten years since opening its doors, Butcher Boys still leads the way on the Durban restaurant scene in providing customers with the perfect recipe for success - quality food, attentive service plus in this case, the magical qualities of Alan Lazarus, who has been at the helm since it first opened in 1999.

GAAP would like to congratulate Alan and his team and wish you all the very best, and many more birthdays to come.
