

### GAAP News

As expected, time is flying at the start of this busy year. Many of you have projects on the go and are planning for the rest of the year. Hopefully we can be of assistance to your business management.

### GAAP Features

wiWallet is another UCS Group subsidiary, which focuses on mobile payment solutions. The wiWallet mobile payment platform allows retailers to integrate once to a platform (switch) and access multiple mobile payment providers and applications (eMoney, mobile vouchers, mobile loyalty). GAAP has a seamless interface to wiWallet and GAAP customers can take advantage of this transaction technology.

You can access more information at [www.wiwallet.co.za](http://www.wiwallet.co.za)

We also mention again the daily SMS report that any owner can choose to receive from their GAAP POS system. It presents you with a short summary of store trade for each day. This is an option that can be added to any GAAP site. You can nominate up to 3 cellphone numbers to receive this message daily.

**OUR CLIENTS**

Just request this at the call-centre and you will be sent the necessary documentation.

### Customer News – Hooters opens in South Africa

The first South African Hooters store opened in Umhlanga, KZN in December, using GAAP naturally. It was an instant hit and had an electrifying first months' trade. The Hooters concept started in the USA over 25 years ago, and is now approaching 450 stores in more than 20 countries. Plans are already underway to have sites in Jhb and CPT open before June 2010. A chilled and sporty theme will no doubt endear the brand to the South African public over the coming months.

## **Forthcoming Events – Hostex Cape**

The annual Hostex Exhibition, this year in Cape Town, takes place at the Convention Centre between 8 and 10 March. Your easiest and most convenient option for access to Hostex Cape is to pre-register on [www.hostexcape.co.za](http://www.hostexcape.co.za) – a process that should take you no more than a few minutes and will ensure that you avoid the registration queues. As always GAAP will have a stand at the show ready to welcome you.
